Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 05 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloudy with patchy rain or drizzle in the north. Warm.

This Evening and Tonight:
A dry evening with some late sunny spells. Turning cloudier from the north overnight as a front brings the risk of some patchy light rain across Cumbria through the small hours of the morning. Staying dry elsewhere. Mild. Minimum temperature 13 deg C (55 deg F).

Monday:
A rather cloudy start across Cumbria with a little patchy light rain, turning dry for the afternoon with warm sunny spells. Otherwise dry with widespread warm sunny spells. Maximum temperature 24 deg C (75 deg F).

Outlook for Tuesday to Thursday:
Tuesday and Wednesday will be very warm and sunny in the main, with, perhaps, cloudier conditions arriving later on Wednesday. Cloudier on Thursday with a chance of showers, some heavy.
